Directors,

Please hold off for the next few hours on contacting any voters about deficiencies with their absentee ballots that would result in a cure affidavit being sent or a ballot being reissued. We are updating guidance and letters and will get those to you by the end of the day. These will address issues with incomplete witness information and will revise the numbered memo and cure affidavit. We will also provide you with template letters to send with the cure affidavit or with the reissued ballot that has a deficiency that cannot be cured.

Thanks,  
Kelly
